for daily eye hygiene

 **SCOPE**

DO YOU SUFFER FROM ANY OF THE FOLLOWING?

Burning, soreness or stinging in the eyes

Itchy eyelids

Watery eyes

Crusty eyelashes

Foreign body sensation

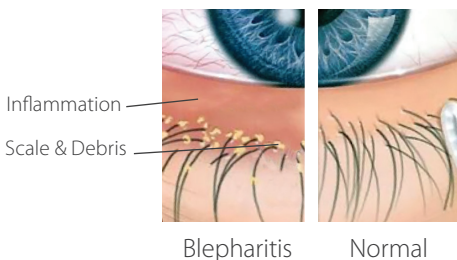

If so, you could be suffering from Blepharitis.

WHAT IS BLEPHARITIS?

Blepharitis is a condition where the rims of the eyelids become inflamed (red and swollen).

Blepharitis can be caused by a bacterial infection, or it can be a complication of a skin condition such as:

- Seborrheic dermatitis, which causes an itchy rash on the skin
- Rosacea, which causes the face to appear red and blotchy

OPTASE® TTO LID WIPES, A UNIQUE FORMULATION OF TEA TREE OIL & HYALURONIC ACID

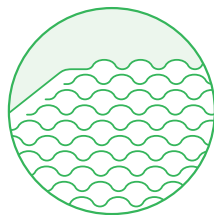

OPTASE® TTO (Tea Tree Oil) Lid Wipes contain a unique and gentle formulation of natural ingredients which are preservative free, making it ideal for daily lid hygiene.

Tea Tree Oil (TTO) is a natural oil which has anti-inflammatory and anti-microbial properties.¹

Combining Tea Tree Oil and the soothing properties of Hyaluronic Acid, Camomile & Aloe Vera, OPTASE® TTO provides natural relief from Blepharitis symptoms such as itchy eyelids or burning eyes.

Angled view of wipe

The textured wipe is ideal for gentle cleansing and assists in the removal of debris and scurf from the eyelids.
